

Thank you for taking part in research.

Please tell us about your experience.

You are taking part in a research study. Thank you!

Research improves health for everyone. Will you tell us more about what it was like to take part in research? We want to know about what we're doing well and things we can do to make taking part in research better.

You don't have to take part. You won't be asked for your name or personal details. Anything you say will be kept private and no one will know which answers are yours.

This survey is for ages **12 to 15**

You can also complete this survey online at: www.bit.ly/PRESNT12-15

For more information;

Please tick which smiley face or circle you agree with.

The information I got at the start of the research was easy to understand

Hard Easy I don't remember

I always knew what was happening with the research

Strongly disagree Strongly agree It is too early to say

I know how I will get the results of the research

Yes Yes, to some extent No

I know who to talk to from the research team if I have any questions

Strongly disagree Strongly agree

The research team made me feel valued

Strongly disagree Strongly agree

The research team always treated me with kindness and respect

Strongly disagree Strongly agree

I would take part in research again

Strongly disagree Strongly agree

Please use the space below to tell us anything else you would like us to know.

The comments that you write will be read by your healthcare provider and NIHR. We may use your comments in reports about research and for promotional activities, but we will remove any information that could identify you before publishing any of your feedback
